SUMMARY OF QUALIFICATIONS

-
- » PhD training plus six years academic and three years industry experience producing quantitative, experimental, and computational social science research
 - » Recognized expertise in survey, experimental, and computational methods & computational social science
 - » Prolific developer of R software and “trusted user” (>30,000 rep) on StackOverflow
-

RELEVANT PROFESSIONAL EXPERIENCE

-
- » **Research Scientist**, *Facebook Core Data Science* (Sep 2018 –)
 - Identified strategic data science opportunities and executed massive-scale computational, statistical, and engineering solutions
 - Led a team of research scientists developing novel machine learning methods for Facebook-scale applications
 - » **Senior Visiting Fellow**, *London School of Economics* (Dec 2018–)
 - » **Assistant/Associate Professor**, *London School of Economics* (Sep 2015 – Aug 2018)
 - Conducted original quantitative social science research in collaboration with various partners and industry vendors in the United States, United Kingdom, and Denmark
 - Taught courses at undergraduate and postgraduate levels on research design, statistical analysis, public opinion research, and survey-experimental methods
 - Prepared numerous written articles and presentations for a variety of audiences including academics, journalists, and the general public
 - » **Postdoc**, *Department of Political Science, Aarhus University* (Jan 2013 – Aug 2015)
 - Conducted original survey research in the United States and Denmark
 - Presented original research extensively at international professional conferences in the North America and Europe
 - » **Graduate Fellow**, *Institute for Policy Research, Northwestern University* (Jan 2009 – Dec 2012)
 - Conducted original research using innovative survey and laboratory experimental methods to study media exposure and public opinion dynamics
-

EDUCATION

-
- » **Ph.D., Political Science**, *Northwestern University* (Dec 2012)
 - » **M.A., Political Science**, *Northwestern University* (Dec 2012)
 - » **B.A. magna cum laude, Political Science**, *University of Minnesota* (Dec 2007)
 - Early election, Phi Beta Kappa (2007); Dean’s List; Graduation with Distinction
-

SKILLS

-
- » Software: R, Python, SQL/Presto, Stata, LaTeX, MS Office, Google Docs; familiarity with SPSS, SAS, Hack/PHP, Thrift, Spark
 - Developer of more than 30 R packages, including rio, margins, cregg, and tabulizer
 - » Languages: English (native), Spanish (intermediate), Danish (beginner)
-
