world.

But not all water is
created equal.

INTRODUCING ENAGIC KANGEN WATER®

Innovative Water Technology

By integrating the latest scientific research and superior Japanese craftsmanship with nature's most vital resource for life, Enagic has pioneered the way of continuous Kangen Water® generating systems. Since 1974, Enagic has specialized in providing in-home, alkaline water ionization technologies. Our mission is to provide true health and wellness internationally with our Gold-Standard product line.

.....with our Gold Standard product line.

Introducing Enagic Kangen Water™ Alkaline Water Machines

Enagic...

...is proud to be one of the only water purification and ionization companies in the world that carries four distinct certifications from the Water Quality Association (WQA) - one of the oldest and most prestigious international not-for-profit trade associations in the world. The WQA has honored Enagic with the Gold Seal, a highly-distinguished award that is only given to the most reliable and trusted producers of quality drinking water. The level of excellence, quality, and care demonstrated by Enagic has set this leading company apart from every other water ionizer producer around the globe.

All steps of the manufacturing process are performed in the Enagic factory; production of parts and packaging to assembly, testing, inspection and final packaging. The complete in-house production ensures a high-quality product.

The Wave of the Future!

The Enagic Corporation feels that the personal nature of a direct sales marketing business model, utilizing hard-working, independent distributors is the best way to get the word out about Kangen Water®.

What is Kangen Water®?

WWW.ENAGICWEBSYSTEM.COM

Kangen Water® is delicious water created from Enagic's innovative water technology. Not only do these devices filter your tap water, but they also produce ionized alkaline and acidic waters through electrolysis. These waters can be used for various purposes, including drinking, cooking, beauty, and cleaning.

Kangen Water™ is Purified, Ionized, Alkaline drinking water. It is Micro-clustered which makes it fast-absorbing, super hydrating and detoxifying. It has a negative oxidation property which slows down the aging process because it has antioxidant properties that are 20 to 30 times as powerful as green tea (a highly sought after antioxidant supplement).

Kangen Water™ is made with an Enagic water ionizer which easily connects to your kitchen sink faucet. Everyone orders the SD501 model because it makes the best water with the strongest negative ORP (oxidative reduction

potential). It has HUGE SOLID MEDICAL GRADE ELECTROLYSIS PLATES and a high capacity continuous power supply which help the water retain its special properties long enough to work in your body (research shows other brands cannot do this). The SD501 makes 9.5 Alkaline Kangen Water for drinking, as well as a pH range of 2.5 pH (Strong Acid) to 11 pH (Strong Kangen / Alkaline), for a total of five different types of water – each of which is used for different purposes to help your family be healthier and your home cleaner and greener. My websites describe the water and its uses.

Problems With Commonly Used Waters

Tap water

Tap water is a healthier option than soft drinks. But according to the Environmental Working Group, there have been 315 pollutants found in America's tap water since 2004, and over half of these pollutants are completely unregulated and can legally exist in any amount.

At the current levels of contamination, the public is starting to question the quality of tap water and wonders if it is safe enough to drink. Based on these facts, it's no wonder that the demand for Kangen Water® is constantly increasing.

[Reference - EWG](#)

Bottled water

Bottled water is not necessarily healthier than tap water and yet it costs much more! Although associated with healthy water, bottled water is not guaranteed to be any healthier than tap water. Often the only difference is the added minerals which have no proven health benefits.

A four-year study by the Natural Resources Defense Council shows that 1/3 of the bottled water tested contains levels of contamination which exceed allowable limits. Bottled water can also be slightly acidic, which may affect your body's pH balance. Finally, the environmental impact caused by the production and disposal of plastic bottles is harmful to our ecosystem.

[Reference - NRDC](#) | [Contaminants Found in Bottled Water](#)

Reverse osmosis water

Reverse Osmosis is a filtering process which may be effective in areas that do not receive municipally treated water and is commonly used in bottled water facilities. The problem with this process is that dangerous chemicals like pesticides, herbicides, and chlorine are molecularly smaller than water and can

Introducing Enagic Kangen Water™ Alkaline Water Machines

pass freely through the filter. Reverse osmosis removes healthy, naturally occurring water minerals. These minerals not only provide good taste, they also serve a vital function in the body's system. When stripped of these minerals, water can be unhealthy. Also, 2-3 gallons of water are wasted for every gallon of purified water produced.

Strong Kangen Water

Strong Kangen Water | pH 11.0

Strong Kangen Water preserves hygiene in your daily life due to its strong cleaning effect. It has dissolving and heat conducting benefits.

This water is not for drinking.

What Strong Kangen Water can do for you:

Introducing Enagic Kangen Water™ Alkaline Water Machines

Food preparation

Remove rawness from vegetables such as green onions, bamboo, wasabi and flowering fern with Strong Kangen Water®.

Cleaning

Clean cutting boards and dishcloths. Good for cleaning oil and tough grime from vents, as well as for general cleaning in the kitchen.

Stain removal

The extra strength, absorption power, will remove coffee, soy sauce, and oil stains with ease. Also great for getting out stubborn toilet bowl stains.

Dishes

Use less detergent when washing your dishes. Save on water bills, as only one-third to one-fourth of the usual amount of water is adequate for rinsing off detergent.

Kangen Water®

Kangen Water® | pH 8.5-9.5

With a pH of 8.5-9.5, this type of water is perfect for drinking and healthy cooking. It works to restore your body to a more alkaline state, which optimizes health.

What Kangen Water® can do for you:

Introducing Enagic Kangen Water™ Alkaline Water Machines

Drinking

Drink Kangen Water® throughout the day. Unlike tap water, Kangen Water® has no unpleasant odor, tastes lighter, and has a pleasantly sweet flavor.

Food preparation

Clean vegetables and fish. Enhance the flavor of broccoli, onions, bamboo etc. by pre-boiling them in Kangen Water®. Use less condiments and salt.

Coffee and tea

You'll be surprised at the wonderful color, taste, and aroma of coffee or tea prepared with Kangen Water®. You can also use less of coffee or tea and still achieve a full rich taste due to the water's extractable ability.

Soups and stews

Kangen Water® draws out the flavor of ingredients so they get tender and juicy. Therefore, food doesn't need as much seasoning, and excess salt can be avoided.

Plants

Kangen Water® may give freshness and life to plants. The water stimulates germination and improves seedling development.

Neutral water

Neutral water | pH 7.0

Free of chlorine, rust and cloudiness. Neutral water is delicious drinking water.

Introducing Enagic Kangen Water™ Alkaline Water Machines

What Neutral water can do for you:

Baby food

Use water pH 7.0 when preparing baby food.

Medication

Neutral water is delicious drinking water that is easily absorbed by your body. Take your medicine with this water.

Acidic Water

Acidic Water | pH 4.0-6.0

This slightly acidic water is recognized for its astringent effects. It's terrific to use for gentle cleaning and beauty care.

This water is not for drinking.

What Acidic Water can do for you:

Face wash

The astringent properties of Acidic water are effective in toning and firming your skin. Pat the skin and leave to dry. This water is also excellent as a toner after shaving.

Hair care

Use this water instead of conditioner after shampooing. Reduces annoying tangles and brings out a radiant shine. Keep in a spray bottle and spray your hair and face when you're out and about.

Introducing Enagic Kangen Water™ Alkaline Water Machines

Pet care

Spray your pet with this water and brush afterwards to obtain soft and shiny fur.

Polishing

Polish mirrors, eyeglasses, glass objects, and windows to a high sheen.

Cleaning

Remove dirt from hardwood floors, ceramic tiles etc. without leaving a sticky residue.

Frozen food

Spray foods with Acidic Water when freezing so that the food, including fish and shrimp, do not lose its flavor when thawed out.

Strong Acidic Water

Strong Acidic Water | pH 2.7

This water has disinfecting properties. Use Strong Acidic Water to sanitize kitchen utensils, countertops, etc. to keep areas safe and clean.

This water is not for drinking.

What Strong Acidic Water can do for you:

Cleaning and disinfecting

Introducing Enagic Kangen Water™ Alkaline Water Machines

Sanitize knives, cutting boards, dish towels, and kitchen cloths etc. Clean and disinfect in and around the kitchen, which is a breeding ground for germs.

For a more powerful disinfecting effect, clean with Strong Kangen Water® before using Strong Acidic Water. Please note: after the use of Strong Acidic Water, metal that rusts easily should be wiped with a dry cloth because of the strong acidity.

Hygiene

Disinfect your hands, your toothbrush or as mouth wash. Keep a spray bottle in your bathroom for easy access.

Commercial operation

Beauty salons, hair salons, restaurants, agricultural colleges, daycare centers, pet shops, and nursing homes all benefit greatly from the use of Strong Acidic Water.

Compare Different Types of Drinking Water

PH and ORP are two attributes of water that are not normally measured by the casual water drinker, but both of these attributes can provide a big positive or negative impact.

PH is a measure of the **Potential Hydrogen** in water. The pH scale goes from 0 to 14, with zero being Acidic, 7 being neutral, and 14 being Alkaline or Basic. Over the recent years, public awareness has grown significantly to understand the need to balance dietary pH consumption. Typical diets today which include processed foods add unnecessary acidic pH. Soft drinks are especially bad for this, with some soft drinks being in the 2.5 pH range which is extremely acidic. Many people attempt to balance their dietary pH intake with choice of foods. Only so much can be accomplished by adjusting choices of some fruits and vegetables. Because a person can consume a relatively large quantity of water each day, compared in quantity to food items, by choosing to consume water with an alkaline pH can have a significant benefit in adjusting the overall pH consumption to favor alkaline more than acidic. Kangen Water provides three alkaline pH settings to greatly help increase the overall alkaline pH consumption: 8.5 pH, 9.0 pH and 9.5 pH.

ORP is the **Oxidative Reduction Potential** of water. Water naturally maintains a positive ORP value which means the water is an oxidizing agent, or promotes oxidation. In the body, oxidation is the aging process. Much like the oxidation of metal is rust, in the body oxidation results in the breakdown of cells.

Reducing the rate of oxidation with a negative ORP is beneficial in slowing down the rate of oxidation. Kangen Water provides a strong negative ORP which means it helps to slow down the oxidation, or aging process. In fact, the strong negative ORP provides Kangen Water with an Antioxidant value that is 20 to 30 times more powerful than that of Green Tea.

The following charts show the pH and ORP ratings sampled by many different commonly consumed brands of drinking water. See how each compares with the beneficial pH and ORP of Kangen Water.

Who is Enagic International?

For over three decades, Japan-based Enagic International has been the leading manufacturer of alkaline ionizers and water filtration machines. Kangen Water® machines are used in hundreds of thousands of homes worldwide to transform tap water into pure, healthy alkaline drinking water.

The Enagic Corporation feels that the personal nature of a direct sales marketing business model, utilizing hard-working, independent distributors is the best way to get the word out about Kangen Water®.

We believe this sort of sale and marketing method is the most effective way of doing business in today's economy. In the past, wholesalers and retailers took the largest percentage of business profits, whereas Enagic believes that rerouting these profits BACK to the distribution force is the true meaning of Kangen Business (Kangen, a Japanese term, meaning to return to the origin).

Our corporate philosophy is based on three basic principles:

1. Realizing true physical health
2. Realizing true financial health
3. Realizing true mental/metaphysical health

Our purpose is spreading this tri-fold truth throughout the world.

When you commit to purchasing a product of this magnitude, it is your responsibility to find out all you can about the manufacturer, their corporate philosophy and customer service and the quality of the product. This is why we invite you to take a closer look at Enagic.

"The basis of vitality and long life is water."

"Enagic celebrated its 39th year last June as a specialized manufacturer of high quality water ionizer generating systems. Today Enagic's pledge to realize a revolution in True Health - in the form of physical health, economic health and mental health - is supported by thousands of people around the world.

Introducing Enagic Kangen Water™ Alkaline Water Machines

The human body is comprised of 70% water. It is no exaggeration to say that "the basis of vitality and long life is water." Enagic offers safe water that can be used with confidence to benefit health, beauty, sanitation and cuisine.

Enagic is an integrated development, manufacturing, sales and service company of alkaline ionizer technology.

As the evolution of information technology continues we have entered the age of "human technology marketing." Market vitality now depends upon a merging of high technology and the personal relationship between human beings. Enagic is teaming up with an international network of offices and numerous distributors around the world to spread the word "water and health" while building a global company with worldwide operations."

Comparison With Competition - There Is NO Comparison!

Side-By-Side Comparison of the SD501 Electrolysis Chamber & those of the "Competition"

A detailed look at the 3-layer filter & 7 electrode plate electrolysis chamber of the SD501

The electrolytic cell is equipped with **seven electrode plates**, which is powerful and yet compact in design.

It is possible to produce an ample amount of electrolyzed water with the ORP value in the range of +1130mV and -800mV. This design is made possible by loading an electrolytic cell with seven electrode plates that use electrodes made of platinum plated titanium. (Depending on the choice of resulting water and original water)
The Kangen water contains a lot of hydroxide ions(OH-) and positive ions (such as calcium ions) produced by electrolysis, and it also contains hydrogen.

Some of the awards, endorsements and industry recognition received by Enagic

Introducing Enagic Kangen Water™ Alkaline Water Machines

In 1965, the Japanese Health and Welfare Agency approved electrolysis water devices as medical equipment. In 1987, Enagic was awarded this recognition.

On the heels of our success, many companies in Korea and Taiwan have manufactured imitations of our product for sale in the United States. If you are planning to purchase one of these machines, please research the quality and effectiveness of the product.

Enagic's devices are licensed medical devices and have been granted a license number by the Japanese Ministry of Health and Welfare.

These machines are manufactured in Japan and are sold in the United States. These other companies selling their machines in the US do not have Japanese approval or even the recognition in their own country as a medical device.

Are we the best? Well, let's put it this way.

In 2002, our firm was individually recognized by the Japanese Association of Preventative Medicine for Adult Diseases, a renowned medical association.

In 2007, the Enagic Osaka factory acquired ISO 13485 (medical equipment), ISO9001 (quality control), and ISO14001 (environmental management) license recognition.

Plus, we offer global repair and support service for our units, which is something no other company offers nor supports.

Our machines can be serviced in the United States, Canada, Mexico, the European Union, Japan,

Our factory is located in Katano city, a small merchant town outside of Osaka, Japan.

Introducing Enagic Kangen Water™ Alkaline Water Machines

Although many Japanese companies are relocating their factories to overseas locations, we fastidiously adhere to the MADE IN JAPAN distinction.

This consistency is applied to all aspects of our manufacturing process, from the stamping of electrical components on the motherboard, to casts, and even as far as the various parts of our filters. Performing these duties "in-house" is our commitment to quality.

Enagic is proud to be one of the only water purification and ionization companies in the world that carries four distinct certifications from the Water Quality Association (WQA) - one of the oldest and most prestigious international not-for-profit trade associations in the world. The WQA has honored Enagic with the Gold Seal, a highly-distinguished award that is only given to the most reliable and trusted producers of quality drinking water. The level of excellence, quality, and care demonstrated by Enagic has set this leading company apart from every other water ionizer producer around the globe.

We highly value the attention to detail and delicate craftsmanship that you, as our customer, demand. As such, the MADE IN JAPAN brand stands paramount throughout the world.

What Doctors, Scientists and Nutritionists Say...

Dr. Otto Heinrich Warburg
1931 Nobel Prize Winner
The Real Cause of Cancer

Dr Otto Warburg discovered the real cause of cancer in 1923 and he received the Nobel Prize for doing so in 1931. Dr Warburg was director of the Kaiser Wilhelm Institute (now Max Planck Institute) for cell physiology at Berlin. He investigated the metabolism of tumors and the respiration of cells, particularly cancer cells.

"Cancerous tissues are acidic, whereas healthy tissues are alkaline. Water splits into H⁺ and OH⁻ ions, if there is an access of H⁺, it is acidic; if there is an access of OH⁻ ions, then it is alkaline."

In his work *The Metabolism of Tumours* he demonstrated that all forms of cancer are characterized by two basic conditions: acidosis and hypoxia (lack of oxygen). Lack of oxygen and acidosis are two sides of the same coin: where you have one, you have the other.

"All normal cells have an absolute requirement for oxygen, but cancer cells can live without oxygen - a rule without exception." - Dr. Otto Warburg

"Deprive a cell 35% of its oxygen for 48 hours and it may become cancerous." Otto Warburg.

Dr Warburg has made it clear that the prime cause of cancer is oxygen deficiency (brought about by Toxemia). Dr Warburg discovered that cancer cells are anaerobic (do not breathe oxygen) and cannot survive in the presence of high levels of oxygen.

Dr. Hiromi Shinya

"I have examined more than 300,000 people's stomachs and intestines for 35 years and realize that our health

Introducing Enagic Kangen Water™ Alkaline Water Machines

depends largely on our dietary life."

"It is widely recognized in the medical profession that a healthy and clean colon is one of the most important precursors to good health and that the great majority of body ailments and diseases originate in an acidic and dirty colon. Water is essential for your health.

"Kangen Water is alkaline rich water (ph 8-9), and is considered the very best drinking water because of its incomparable powers of hydration, detoxification, and anti-oxidation."

~Dr. Hiromi Shinya, Leading Gastroenterologist and Surgeon

Dr. Hiromi Shinya is Clinical Professor of Surgery at Albert Einstein College of Medicine and Chief of the Endoscopy Unit of Beth Israel Hospital in New York, as well as an advisor for Maeda Hospital and Hanzomon Gastrointestinal Clinic in Japan. A native of Japan, Dr. Shinya received his medical education both in Japan and in the United States. He is Japan's most famous doctor and treats members of Japan's royal family and top government officials. His practice in the United States also includes celebrities and Presidents. He is Vice Chairman of the Japanese Medical Association in the USA, and much in demand as a speaker internationally.

Shinya, MD is well known as the developer of the field of colonoscopic surgery (the Shinya Technique). He performed the first non-invasive colon surgery. Using his own invention of the colonoscope, he discovered the ability to both examine and operate on the colon without abdominal incision.

In his book The Enzyme, which has sold two million copies in Japan, he extols the virtues of drinking alkaline ionized water, specifically, Kangen Water® produced only by the Enagic® devices. Dr. Shinya puts all his patients on Kangen Water® as part of his recommended diet.

Dr. Horst Filtzer

"When I first drank Kangen Water I experienced something I had never have before, I liked it, I liked it very much. ... As I investigated the product, as I investigated the concept of ionized water, as I investigated the concept of alkalization of the body cells, I became more and more convinced that this is a product that is of absolute value to all mankind. That it is a product that should be used in all households if at all possible, because it clearly is superior to any form of water than I ever encountered."

"Personally, I can testify that there is no question that my own life has been markedly enriched by the ingestion of Kangen Water. ... I endorse Kangen Water as a physician, as a surgeon, as a human being, 100%. I feel that it is of great benefit to all mankind. ... I can only recommend it in the highest way."

~Dr. Horst Filtzer, Vascular Surgeon

Dr. Horst Filtzer, M.D. a Harvard Medical School graduate cum laude is a Vascular Surgeon. Dr. Corinne Allen

"Brain inflammation can occur from many causes including: head injuries, premature birth, lack of oxygen and various infections. The resulting inflammation can provide dysfunction in the body's ability to detoxify harmful substances. They can also exhibit mitochondria that have low energy output and high free-radical generation. Often those with brain challenges like Autism and Aspergers, drink almost no water each day, only accentuating the problems in brain functioning. In Autistics and others where brain inflammation is high, toxins can more easily cross the blood brain flooding the brain with free radicals. Kangen Water™ has been providing my clients with a strong source of antioxidants and improved hydration. In our brain programs we observed that our therapeutic expectations have been significantly exceeded by adding Kangen Water™ to the treatment plan.

Dr. Corinne Allen is an international researcher and practitioner in natural health and nutrition and has been in practice for more than 30 years. After receiving her doctorate in nutrition, Dr. Allen went on to more training in neurokinesiology and brain-stimulation techniques. She is recognized for her natural and practical approach to health regarding natural and alternative methods of stimulating permanent changes in the brain in dyslexia, ADD, Autism, Asperger's syndrome, learning disabilities, academic and behavioral issues and brain injuries. She runs the Advanced Learning & Development Institute

Dr. Dave Carpenter

"This [alkalizing] program contains a whole new way of looking at diet and nutrition. When followed, it leads to a healthy, lean, trim body and an enhanced level of wellness, energy and mental clarity most people have not experienced previously. "

"Based on years of research and observation, we have concluded that over acidification of the body is the underlying cause of all disease. Because many people consume a diet primarily comprised of acid forming foods, (i.e. sugars, meat, dairy, yeast breads, coffee, alcohol, starches, etc.) rather than whole plant foods, they are frequently sick and tired"

"In my experience, Kangen Water™ supercharges your nutritional program better than anything. Water is the key and this [Enagic® Kangen™ Water] is the best water I know of. Anyone who gives it an honest try will experience it in their own health, without question!"

Dr. Theodore A. Baroody

"Any stressor that the mind or body interprets and internalizes as too much to deal with, leaves an acid residue. Even a mild stressor can cause a partial or total acid-forming reaction. ... The countless names attached to illness do not really matter. What does matter is that they all come from the same root cause: too much tissue acid waste in the body."

"It is my opinion that ionized water will change the way in which all health practitioners and the public approach their health in the coming years. ... I have administered over 5000 gallons of this water for about every health situation imaginable. I feel that restructured alkaline water can benefit everyone." ~Dr. Theodore A. Dr. Susan Lark

"Drinking four to six glasses of alkaline water a day will help to neutralize over acidity and over time will help to restore your buffering ability. Alkaline water should be used when conditions of over acidity develop, such as cold, flu or bronchitis. Like vitamins C, E and Beta Carotene, alkaline water acts as an antioxidant because of its excess supply of free electrons. This can help the body against the development of heart disease, strokes, immune dysfunctions, and other common ailments."

"The benefits of the alkaline water created through electrolysis far exceed just its ability to gently raise the pH of the cells and tissues of the body and to neutralize acids. Because the alkaline water has gained a significant number of free electrons through the electrolysis process, it is able to donate these electrons to active oxygen free radicals in the body, thereby becoming a super antioxidant. By donating its excess free electrons, alkaline water is able to block the oxidation of normal tissue by free oxygen radicals."

Dr. Lester Packer

"Scientists now believe that free radicals are factors in nearly every known disease"

~Dr. Lester Packer, Senior scientist at Lawrence Berkeley Laboratory, world's foremost antioxidant research scientist

"Consuming the right type of water is vital to detoxifying the body's acidic waste products and is one of the most powerful health treatments available." ... "We recommended that you drink 8-10 glasses per day of this alkaline water. It is one of the simplest and most powerful things that you can do to combat a wide range of disease processes. It is interesting to note that in Japan, professional sports teams drink alkaline water to improve their performance" ... "It is well known that many chronic diseases result in excess acidity of the body (metabolic acidosis). We also know that the body tends to become more acidic due to modern dietary habits and lifestyles and the aging process itself. By drinking high negative ORP alkaline water, you combat metabolic acidosis and improve absorption of nutrients."

Dr. Lester Packer, is the world's foremost antioxidant research scientist. He is a senior scientist at the prestigious Lawrence Berkeley Laboratory, and Head of the Packer Lab at the University of California, where he has been a professor for 35 years. Dr. Packer is the executive editor of Archives of Biochemistry and Biophysics, and serves on the editorial advisory boards of Free Radical Biology and Medicine, The Journal of Applied Nutrition, and The Journal of Optimal Nutrition. He is a member of eight professional societies and is President of the International Society for Free Radical Research, and Vice President of UNESCO's Global Network of Molecular and Cell Biology. Dr. Packer has published over 700 scientific papers and 70 books on every aspect of antioxidants and health.

Dr. Ray Kurzweil

"There are more benefits to "alkaline water" than simply the alkalinity or pH. The most important feature of alkaline water produced by a water alkalizer is its oxidation reduction potential (ORP). Water with a high negative ORP is of particular value in its ability to neutralize oxygen free radicals. ORP can also be directly tested using an ORP sensor and meter. We have conducted these experiments as well. We found that water coming directly from the tap had an ORP of +290mV, while the water coming out of the water alkalizer had a negative ORP. The more negative the ORP of a substance (that is, the higher its negative ORP), the more likely it is to engage in chemical reactions that donate electrons. These electrons are immediately available to engage in reactions that neutralize positively charged free radicals. This is the key benefit of water produced by a water alkalizer that is not available by simply drinking water that has had some bicarb or other compounds dissolved in it to make it alkaline."

~Dr. Ray Kurzweil, Award-winning Scientist, Inventor

Dr. Ray Kurzweil is one of the world's leading inventors, thinkers, and futurists. He's been awarded 19 honorary doctorates, honored by 3 US Presidents and is recipient of many of the nation's highest awards for excellence. He has been called "the restless genius" by the Wall Street Journal and "the ultimate thinking machine" by Forbes magazine and PBS included him as one of 16 "revolutionaries who made America," along with other inventors of the past two centuries. Time magazine writes, "Kurzweil's eclectic career and propensity of combining science with practical-often humanitarian-applications have inspired comparisons with Thomas Edison". Among Kurzweil's many honors, he is the recipient of the \$500,000 MIT-Lemelson Prize, the world's largest for innovation. In 1999, he received the National Medal of Technology, the nation's highest honor in technology, from President Clinton in a White House ceremony. And in 2002, he was inducted into the National Inventor's Hall of Fame, established by the US Patent Office. Dr. Mu Shik Jhon

"Hexagonal water - comprised of small molecular units or ring-shaped clusters - move easily within the cellular matrix of the body, helping with nutrient absorption and waster removal. It aids metabolic processes, supports the immune system, contributes to lasting vitality and acts as a carrier of dissolved oxygen. It can provide alkaline minerals to the body and it helps in the more efficient removal of acidic wastes. Drinking hexagonal water takes us in the direction of health. It supports long life and freedom from disease. Biological organisms prefer hexagonal water."

"Ionized water has a hexagonal shape and carries an abundance of hydroxyl ions (OH-). It provides extra electrons that neutralize destructive free radicals circulating throughout the body. Hexagonal ionized water carries a high negative ORP (Oxidation Reduction Potential) when it is first produced, making it a potent anti-oxidant."

"When taken internally, the reduced ionized water with it redox potential, or ORP of -250 to -350 readily donates its electrons to oddball oxygen radicals and blocks the interaction of the active oxygen with normal molecules."

"Water has the ability to attract and accumulate bio-energy. It also stores an energy memory of harmful or helpful vibrations to which it was exposed in the past. Chlorinated tap water is polluted with non-biological chemicals and negative energy imprints. It is also devoid of bio-energy and so may be regarded as being badly polluted as well as 'dead'. Alkaline living water is regarded by a growing number of health care professionals as the best water to drink and is listed as a medical device in Japan for the treatment of degenerative diseases."

"My hypothesis was born from the clinical observation study in our clinic. Since May '85 we have confirmed

thousands of clinical improvements, obtained solely by exchanging drinking (as well as cooking water) from tap water to reduced water."

Dr. Hidemitsu Hayashi

"Devices to produce reduced water were introduced into our clinic in May 1985. Based on the clinical experiences obtained in the past 15 years, it can be said that introduction of naturally reduced water (using H-01 Active Hydrogen Generator) or electrolyzed-reduced water for drinking and cooking purpose for inpatients should be the very prerequisite in our daily medical practices. It is because any dietary recipe cannot be a scientific one if property of water taken by the patients is not taken into consideration."

"The Ministry of Health and Welfare in Japan announced in 1965 that the intake of reduced water is effective for restoration of intestinal flora metabolism."

CLINICAL IMPROVEMENTS OBTAINED FROM THE INTAKE OF REDUCED WATER

HAYASHI, Hidemitsu, M.D., Water Institute, & KAWAMURA, Munenori, M.D., Kyowa Medical Clinic, (1985-2000) (17)

1. Improvement of blood glucose and HbA1C levels in diabetes mellitus.
2. Improvement of peripheral circulation in diabetic gangrene.
3. Improvement of uric acid levels in gout.
4. Improvement of liver function in hepatic disease, cirrhosis of liver, hepatitis.
5. Improvement of gastroduodenal ulcers and prevention of recurrences.
6. Improvement of cholesterol level; hypertension, angina, myocardial infraction.
7. Improvement of hypersensitive disorders; atopic dermatitis, asthma, urticaria.
8. Improvement of autoimmune disorders; rheumatism, collagen disease, SLE.
9. Improvement of so-called specific diseases; Behcet' syndrome, Crohn disease, ulcerative colitis, Kawasaki's disease.
10. Improvement of malignant tumors of liver; hepatoma, metastatic tumors.
11. Improvement of general malaise, chronic constipation & diarrhea as well as persistent diarrhea occurred after gastric resection.
12. Improvement of dehydration in infants with vomiting and diarrhea caused by viral infection.
13. Improvement of hyperbilirubinemia in newborns.
14. Experiences of pregnant women who took reduced water during their pregnancy; almost no emesis, smooth delivery, slight jaundice, enough lactation, smooth and satisfactory growth of newborns.

Dr. Robert Young

"The pH level (the acid-alkaline measurement) of our internal fluids affects every cell in our bodies. Extended acid imbalances of any kind are not well tolerated by the body. Indeed, the entire metabolic process depends on a balanced internal alkaline environment. A chronically over-acidic pH corrodes body tissue, slowly eating into the 60,000 miles of veins and arteries like acid eating into marble. If left unchecked, it will interrupt all cellular activities and functions, from the beating of your heart to the neural firing of your brain. In summary, over-acidification interferes with life itself leading to all sickness and disease!"

"Researchers believe that disease is caused by excess acidity in our body that weakens all body systems."

Introducing Enagic Kangen Water™ Alkaline Water Machines

Caused by our high stress lifestyles, what we eat and pollutants, it affects virtually everyone. This forces the body to rob minerals - calcium and magnesium - from vital organs and bones. Our reserves are depleted, leaving the body vulnerable to bone density loss, heartburn, indigestion, blood sugar issues, weight gain – 68 conditions in all. When healthy, your body has sufficient alkaline reserves to balance it self - and naturally resists disease. The easiest way to help your body to be more alkaline is to drink alkaline water"

~Dr. Robert O. Young, Cellular Nutritionist

Robert O. Young, MS, D.Sc., Ph.D., N.D. has been widely recognized over the past two and a half decades. Throughout his career, his research has been focused at the cellular level. Having a specialty in cellular nutrition, Dr. Young has devoted his life to researching the true causes of "disease," subsequently developing *The New Biology™* to help people balance their life. In 1994, Dr. Young discovered the reality of biological transformation of red blood cells into bacteria and bacteria to red blood cells. He has since documented several such transformations. Dr. Young's research findings have been published in several noted journals, including *The Journal of Alternative and Complementary Medicine*. (*Sympathetic Resonance Technology, Scientific Foundations and Summary of Biologic and Clinical Studies, Dec. 2002, Vol. 8, No. 6: 835-842.*) He is the author of numerous articles and author and co-author of many books including *The pH Miracle* (2002), *The pH Miracle for Diabetes* (2003), *The pH Miracle for Weight Loss* (2004).

Dr. Sherry Rodgers

"Alkaline water rids the body of acid waste... After carefully evaluating the results of my advice to hundreds of individuals, I'm convinced that toxicity in the form of acidic waste is the primary cause of degenerative disease."

Dr. Peggy Parker

"Months of testing and research have led me to the discovery that drinking Kangen Water™ is the most effective tool I have found to quickly, easily, and economically reduce cellular oxidation and achieve a more alkaline pH in the body."

As a Biological Medicine Physician, I have been measuring the levels of oxidation in bodily fluids for about a decade using a very sophisticated piece of lab equipment called the QFA (Quantitative Fluid Analysis). Based on the rate of oxidation in these fluids this measurement device calculates a person's biological age. For most people this biological age is generally 20-50 years older than their actual chronological age. Since it is our biological age that determines the length of our life, that number is quite significant. More than 3 years of testing and research have led me to the discovery that drinking Kangen Reduced Alkaline Water is the most effective tool for quickly, easily and economically changing the rate of oxidation on cells that I have ever encountered."

"One can therefore say that drinking ionized Kangen water has the potential to slow the aging process. The powerful component of the water that does this is the -ORP (Oxidation Reduction Potential) charge on the water. This negative ORP part of the water is what causes this water to be able to slow down the oxidation of our bodies. As the cell walls of our body become oxidized, they become sticky and this prevents hydration of the body as well as nutrient absorption and cell waste to be expelled. The -ORP removes oxidation from the cell wall and allows for better hydration, and cell metabolism and overall cell health."

Dr. Parker, N.D. & Biological Medicine expert is a traditionally trained Naturopathic Physician who resides in Spokane, Washington. She is an internationally renowned teacher and lecturer. After receiving her Naturopathic degree, Dr. Parker continued her education with a post-doctoral degree in Biological Medicine from the PBMN in Lustmühle, Switzerland. This intensive, two year program was designed and led by the famous Swiss physician, Dr. Thomas Rau. The basic focus of this course revolved around adjusting the pH (acid/alkaline ration within body fluids), ORP (rate of oxidation in body tissues), and the conductivity of minerals across the cell wall membrane, and just how these factors affect health. As a physician Dr. Parker has been trained to both administer and evaluate tests including Darkfield Microscopy, Biological Terrain Assessment (QFA), EAV, Electro-Dermal Screening, Computer Regulation Thermography, Tongue and Pulse Diagnosis, Sclerology, Heart Rate Variability, Hair Tissue Mineral Analysis, Applied Kinesiology and Hyperbaric Oxygen Therapy to name a few

"International studies show that populations with little or no history of illness, such as cancer, drink higher pH (alkaline) waters. After all potential risk factors were considered and factored out, it became evident that they had been drinking waters with a pH of 9.0 to 10.0."

Dr. Don Colbert

"Hexagonal, alkaline water is especially effective in treating those with chronic disease."

"Your body thrives in an alkaline environment since it is able to detoxify more efficiently than in an acidic environment. In an alkaline environment your tissues get rid of impurities more efficiently. When cancer patients come into my office to begin nutritional treatment, their bodies are almost always very acidic and toxic. My first task is to get their tissues alkalized with alkaline water."

"I have recommended alkaline hexagonal water to even my youngest patients. In 2005 a ten-year old girl and her parents came to my office in South Carolina. The girl had crippling juvenile rheumatoid arthritis and weighed only fifty-two pounds. Her hands were swollen like mitts, and her knees were swollen as large as softballs. I put her on hexagonal, alkaline water, one to two quarts a day. A week and a half later she was pain free, and her swelling was significantly diminished. When she arrived she was wheelchair bound, but she was actually able to walk without pain after only a week and a half of drinking hexagonal, alkaline water. Her parents were ecstatic. We raised the pH of her tissues. After a month, her hands were almost normal size."

for the NBA, NFL, MLB, PGA, LPGA, NASCAR, NHL, NY Yankees, AZ Diamondbacks, Houston Rockets, LA Dodgers, etc.

Whilst I taught the principles and the need for hydration, I never understood until about four months ago the need for 'proper' hydration. For fifteen years I taught in the nutrition industry the importance of nutrient utilization rather than nutrient consumption. That same principle holds true in the area of hydration. It's not about how much water or liquid you drink it's about how much is actually being utilized within the body.

I was introduced to a company called Enagic® who provide a very simple technology that improves hydration. Their water is called Kangen Water™. Kangen in the Japanese word meaning "return to origin. I had thought, water was water. That couldn't have been further from the truth. I was missing a very key component of our health, and that is proper hydration. "

If you go back to the basics of nature, and you take water from natural springs coming out of the earth, all of that water has a very high pH or alkalinity to it, and the waters that we drink out of the tap or purification systems, or bottled water is far from alkaline, in fact it is more acidic. I spent fifteen years trying to teach people to reduce the acidity within the body through the food that we eat. But, that really takes a complete lifestyle change, when in reality I now realize that we can change very quickly and effectively by simply changing the water we drink. ...

This Kangen Water technology is truly nothing short of miraculous in my opinion, because it really provides three different very important aspects to our health that I find very intriguing. Number one is this machine provides a very high antioxidant based water ... the second thing I am really impressed with is its microclustering abilities ... and the third component [its alkalinity], Kangen Water™ is up to a 9.5 pH."

She found the answer when, years later, as a faculty member at The City College of the City University of New York, she and a colleague conducted a series of statistical research studies. These studies revealed how the processed food served in school cafeteria triggered out of control behavior in the classroom and made it harder to learn.*

CONCLUSION

We have an exciting product to offer the people of Africa and Thailand. The people need purified water. They need water that helps balance their dietary pH consumption. They need a water that provides antioxidants to help slow down the rate of oxidation.

Kangen Water® is a delicious water that can be made conveniently in the kitchen at home or at a business. Many businesses including restaurants find Kangen Water to be an effective and economical way to clean their produce, clean and sanitize their kitchen and equipment, use in cooking to enhance flavors, and serve their customers for a delicious dining experience.

The Enagic Customer Referral program provides a means for any person who owns a Kangen Water Ionizer machine to generate commission income through referring new customers.

We invite you to meet with us to learn more about Kangen Water and the Enagic business opportunity. Please contact us to schedule an appointment and try this remarkable water.
